#### B1. Review of performance

#### (a) Current quarter

	Revenue (RM'000)		Pre-tax Profit (RM'000)			
	2Q 2015	2Q 2014	% Chg	2Q 2015	2Q 2014	% Chg

	147,884	179,030	-17.4%	34,376	40,837	-15.8%
Profit after tax				26,247	27,893	-5.9%

The Group's profit after tax eased 5.9% year-on-year to RM26.2 million in the current quarter on weaker operational results from the Resources and Property Divisions, cushioned partially by lower income tax expense. While the Power Division delivered a marginal 2.5% increase in pre-tax profit to RM32.0 million, overall group pre-tax profit fell 15.8% to RM34.4 million, led by a 48.1% and 84.9% reduction in contribution from the Resources and Property Division respectively.

#### **Power Division**

Pre-tax profit for the Power Division rose marginally by 2.5% to RM32.0 million. Despite a 10% appreciation in Renminbi against the Malaysian Ringgit, revenue fell 10% to RM114.8 million, impacted by slower steam take-up rate and lower unit prices. Steam volume fell 6.9% during the current quarter due to a slowdown in economic activity in China, while the average steam price and energy tariff registered an 11.7% and 12.0% reduction respectively as a result of lower fuel costs (pass through mechanism). For the quarter under review, the average coal price and Medium Fuel Oil price posted a 9.6% and 29.5% decline respectively.

Pre-tax profit for the Power Division was however bolstered by gain on translation of the results of the Group's China operations, forex gain on Reminbi fixed deposits, higher interest income and higher capacity charge in Tawau.

#### **Resources and Property Divisions**

While domestic sales volume of lime products rose 10% year-on-year, a 48% decline in export volume of lime products and lower brick sales resulted in revenue for the Resources Division coming in 20.7% lower to RM21.4 million. On a positive note, the average selling price of lime products edged up a 5% gain to RM337 per tonne, primarily due to a favourable change in the USD:RM exchange rate.

#### B1. Review of performance (Cont'd)

#### (a) Current quarter (Cont'd)

#### Resources and Property Divisions (Cont'd)

Export sales of lime product in the current quarter were negatively impacted by slower offtake by two major customers in India and the Philippines respectively, while a slowdown in domestic construction activities had a knocked on effect on brick sales. Moving forward, with the addition of a new 400 tonne/day kiln in August 2015, management will move to expand its overseas customer base more aggressively.

Lower volume aside, margin for the Resources Division in the current quarter was adversely affected by the temporary decommissioning of Kiln 4 for maintenance and repair, and higher overheads and borrowing costs associated with the capacity expansion. As a result, pre-tax profit fell at a sharper rate by 48.1% to RM2.5 million during the quarter.

The Property Division posted a pre-tax profit of RM745,000 on a revenue of RM3.5 million. The weak performance was mainly attributable to lower unit sales and lower recognition of revenue in the development segment. On the other hand, results of the investment segment were weighed by higher maintenance charges and sinking fund.

#### (b) For the 6-month period ended 30 June 2015

Profit after tax				50,982	51,771	-1.5%

Group profit after tax came in marginally lower by 1.5% to RM51.0 million, as a lower effective tax rate partially mitigated a 6.5% reduction in pre-tax profit to RM67.8 million. The decline in pre-tax profit was attributable to weaker performances from the Resources and Property Divisions and a RM2.3 million loss from de-recognition of an associate company (included under Investment holding and others).

#### B1. Review of performance (Cont'd)

(b) For the 6-month period ended 30 June 2015 (Cont'd)

#### **Power Division**

In the six-month period, pre-tax profit increased 11.8% to RM59.2 million on a 15.1% decline in revenue to RM206.8 million. Steam sales volume fell 9.6% on slower industrial demand, exacerbated by a 10.8% and 13.3% reduction in average steam price and energy tariff respectively on lower fuel costs. This was partially offset by a 10.4% appreciation of Reminbi versus the Ringgit. In the meantime, coal prices were 9.9% lower, while the cost of Medium Fuel Oil registered a 32.9% reduction.

Despite a lower revenue, pre-tax profit for the Power Division was propped up by foreign currency gains from translation of the results of its China operations and Renminbi fixed deposits, and higher interest income.

#### **Resources and Property Divisions**

Revenue from the Resources Division was 19.4% lower at RM44.7 million. Lime products recorded a 23.1% decline in sales volume to 99,750 tonnes largely due to lower demand for quicklime and hydrated lime from the export markets. Domestic market sales remained buoyant, up 4.8% to 57,298 tonnes during the period. The average selling price of lime products increased 5% to RM332 per tonne, assisted by the strengthening of US Dollar against the Malaysian Ringgit.

Despite a higher average selling price, margins in the first half of this year were squeezed by lower sales volume, Kiln 4 shut down for repair and maintenance in the second quarter, and higher operating expenses and borrowing costs arising from the division's capacity expansion, which came on stream in August 2015. Hence, pre-tax profit declined 26.4% to RM7.7 million.

Revenue from Property Division of RM16.5 million was 49.7% lower compared to the corresponding period last year, largely due to a 56.5% decrease in development revenue resulting from lower unit sales and lower contribution from ongoing projects. Pre-tax profit therefore decreased 47.2% to RM5.3 million.

#### B2. Variation of results against preceding quarter

	Revenue (RM'000)		Pre-tax Profit (RM'000)			
	2Q 2015	1Q 2015	% Chg	2Q 2015	1Q 2015	% Chg

Property	3,502	13,024	-73.1%	745	4,598	-83.8%
Sub-total Investment	139,710	128,327	8.9%	35,191	37,022	-4.9%
holding and others	8,174	7,513	8.8%	(815)	(3,601)	n.m.
	147,884	135,840	8.9%	34,376	33,421	2.9%
Profit after tax			<u></u>	26,247	24,735	6.1%

Compared to the preceding quarter, revenue grew 8.9% to RM147.9 million while pre-tax profit increased marginally by 2.9% to RM34.4 million. In the preceding quarter, a loss of RM2.3 million was recognised from the de-consolidation of an associate as represented under "Investment holding and others". Profit after tax increased 6.1% to RM26.2 million.

Excluding "Investment holding and others", pre-tax profit decreased 4.9% to RM35.2 million, as weaker performances by the Resources and Property Divisions were largely offset by a 17.5% increase in contribution from the Power Division.

#### **Power Division**

Compared to the preceding quarter, revenue rose 24.9% to RM114.8 million on higher steam and energy sales volume, partially offset by lower unit steam price. Demand for steam and energy volume increased 35.5% and 30.2% respectively mainly on low base effect (shorter work days during the Lunar New Year month of February). Average steam price fell 8.6% in tandem with a 7.1% decline in average coal price, while overall energy tariff for the division was flat quarter-on-quarter as the effects of lower coal price was offset by the effects of a 10.6% increase in Medium Fuel Oil cost. The average exchange rate between the Malaysia Ringgit and Reminbi was stable quarter-on-quarter.

Pre-tax profit rose at a slower pace of 17.5% to RM32.0 million as the positive impact from higher sales volume was partially offset by higher forex gain recognised in the preceding quarter (RM6.4 million in 1Q 2015 versus RM2.1 million in 2Q 2015).

#### **Resources and Property Divisions**

Revenue from Resources Division fell 8.4% to RM21.4 million on lower sales of lime products and bricks. Sales volume of lime products decreased 12.6% to 46,515 tonnes mainly due to weaker export sales to Singapore and the Philippines. Brick sales dipped on weaker construction activities in Malaysia. Pre-tax profit decreased 52.5% to RM2.5 million due to lower sales volume, Kiln 4 shut down and higher carrying costs from the plant expansion.

#### B2. Variation of results against preceding quarter (Cont'd)

#### Resources and Property Divisions (Cont'd)

Revenue from the Property Division fell 73.1% to RM3.5 million mainly due to lower unit sales and revenue recognition from uncompleted projects. The decline in development income contribution resulted in an 83.8% decline in pre-tax profit to RM745,000.

#### **B3.** Prospects

The operating environment is expected to remain challenging in light of the global economic headwinds faced by both emerging and developed markets worldwide. Steps have been undertaken to prepare for the challenges ahead and the Board believes the Group is well positioned to weather through this period of uncertainty. Cash flow is expected to remain strong with the balance sheet showing a cash and cash equivalent balance of RM256 million as at 30 June 2015.

On the positive note, the Group is a net beneficiary of a depreciating Ringgit against the US Dollar and Reminbi. The weakness in Ringgit if sustained is expected to bode well for the Group's results in the remaining quarters of this year.

The uncertain economic outlook and weakness in the Malaysian Ringgit are not expected to significantly affect the commercial viability of the Don Sahong Hydro project where future income stream will be primarily US Dollar denominated. The Board expects the project to proceed as scheduled.

The Group did not issue any profit forecast or profit guarantee.

#### B5. Income tax expense (Cont'd)

The proportionate tax expense of the Group for the 6-month period ended 30 June 2015 was mainly due to withholding tax of 10% for dividends repatriated from China, and cushioned by translation gains which are not taxable.
