

Biodiversity Policy

MFCB recognises the importance of biodiversity and the role it plays in sustaining life on our planet. As a responsible corporate citizen, we are committed to preserving and protecting biodiversity in all our operations. Our commitment to biodiversity is guided by the following policy principles:

- i. Ensure compliance with all applicable laws and regulations related to biodiversity conservation.
- ii. Assess, prevent and minimise our impact on biodiversity by protecting critical ecosystems and habitats to ensure long term viability of these resources.
- iii. Seek opportunities for biodiversity enhancement initiatives.
- iv. Ensure the sustainable use of biodiversity resources by adopting sustainable sourcing and production practices.
- v. Raise awareness and promote education about the importance of biodiversity conservation.
